

Pandemic Flu Supplies Checklist

In addition to your regular emergency supplies, additional items should be added for Pandemic Flu Preparedness so that you are able to care for sick family members at home. This checklist can help you plan on what types of home care supplies you'll need in case of pandemic flu and what amounts to buy for your household. It is a good idea to gradually buy items now so that you have at least a two-week supply of home care supplies for each person in your home.
