<u>Summary of all hazards in area</u>: Fill out this sheet on your way to the Command Post and give it to Incident Command.
    * for structure damage: **L**=light damage, **M**=moderate damage, **H**=heavy damage
    ** for people: number of people trapped or injured; minor (**green**), delayed (**yellow**), immediate (**red**), dead (**black**)
<u>Incident Command (IC)</u>: Choose an incident; put a slash (/) in the assignment completed column, copy the address/location to the incident name section on the Incident Briefing sheet, and give Incident Briefing and Assignment Status to incident team leader. Copy the address/location to the Post-Incident Status sheet and enter the start time.
<u>When an **Assignment** is **Completed**</u>: Put a backslash (\) in the assignment completed column (X) and the incident end time on the Post-Incident Status sheet.
